Written to help address the dearth of age appropriate material focusing on the Vietnam conflict, *Heroes Next Door – Hornet 24* gives the middle school and young adult reader a window into the lives of helicopter pilots during that conflict. The book is written with attention to detail, the reader experiences basic training, flight school, and twelve months of life, service, and sacrifice in Vietnam as told by a veteran who lives next door. Matt and Ellie are growing up in an average suburban area, when their next-door shows up with an olive-drab painted Army helicopter. The machinery sparks immediate interest and serves as a conduit to relationship building between the two children and their neighbor, Mr. Ed. Spread over nearly two years the siblings help restore the vintage aircraft and gradually, Mr. Ed shares stories of his training and experiences during the 1960s. *Stories from Basic Training* gives the reader a sense of the discipline and focus required. Flight training introduces the reader to some of the principles of helicopter flight and performance. Readers travel the globe, landing in Southeast Asia just after the Tet Offensive. The risk, fears, apprehensions, and personal development that come with such a deployment, along with the emotional growth, team building, and camaraderie weave into a series of combat action sequences. The reader is left with a basic understanding of the history of the conflict (thru late 1969), how U.S. and South Vietnamese troops engaged and searched for the communist forces, and how helicopters provided maneuverability and flexibility to the U.S. forces. Along the way, the reader is shown life in a large Army camp, Saigon, and the risks associated with assignment to Vietnam. *Heroes Next Door-Hornet 24* also shows some of the lighter side of the conflict, rest and rehab in Bangkok, recreation in camp, team building, and a few current events. It also takes a brief look at the anti-war movement and how it affected the soldiers who were doing their duty. *Heroes Next Door*

Amber 24 is a unique book that reveals the humanity and the horrors of the Vietnam War in a manner that is appropriate for younger audiences. With attention to historical accuracy and touching respect for the men and women of the Vietnam War, this book is a must-have companion for any young reader looking for real-life heroes.

It was a crazy idea and good for a laugh at the time: When Tricia Stewart proposed a more risqué treatment for her local Women's Institute's annual calendar, which normally featured tranquil scenes from nature, laughing alongside her was John Baker, the husband of the soon-to-be Miss February, Angela. When John passed away from cancer, the Ladies of Rylstone decided that posing nude for the calendar and donating the proceeds was one way to honor his memory and cope with this devastating loss. No one could have predicted what happened next. The calendar began to sell, and soon the whole world, it seemed, was interested in their story, with an American tour following and appearances on the Today show, 20/20, CNN, and the Tonight Show.

Moms enter the world of motherhood with no sense of the impact that entry will have upon them. They need orientation and guidance to get through this bewildering maze—and *The ABCs of Being Mom*, with its abundance of wisdom acquired directly from the trenches of motherhood struggles, is that roadmap. supportive community and taking time for personal care and restoration, the need for equal participation from spouses or partners, and more, with a steady voice of encouragement and understanding that will get moms through even the toughest of times. The wise friend every mom needs to accompany her in her new role, *The ABCs of Being Mom* offers mothers everything they need to feel confident in managing motherhood so they can rid themselves of useless worry and have more time and energy to enjoy their early years of “Being Mom.”

Kate Chua loves Christmas. Ben Manalo abhors the holidays. How will these next-door neighbors find peace amidst their stressful careers with their paper-thin walls? Ben is minding his own business, focusing on work and writing his own recipes, when Kat bulldozes into his life with Christmas songs. He automatically classifies her as a weird girl, and she confirms his perception by responding to his bad temper with kindness. Now he’s hooked and he can’t stay away. Kat is trying to get her life on track when she gets into a passive-aggressive standoff with her next-door neighbor, Ben. She is determined to take the high road but as her work and family struggles escalate everything starts falling apart. The last person she expects comes to help her, Ben. *Falling for the Scrooge Next Door* is a slow-burn enemies-to-lovers holiday romance novella. This is a story of how a horrible first impression can grow into friendship and how two people find support where they least expect it, right when they need it the most. Perfect for a quick read! Steamy scenes are hidden behind closed doors and the book has some swearing.

Will the real Antichrist please stand up? For the last two thousand years people have been anxiously trying to analyze who the Antichrist might be and when he might be revealed. Many people have made preposterous claims, and of course, they have been wrong. If you're not careful, you can get caught up in the debate and spend so much time arguing with other Christians over the details that you don't accomplish anything for the kingdom! To make matters worse, we now live in an era when, for the first time, we have the possibility of an artificial intelligence Antichrist, a human computer hybrid that will demand to be worshipped. Have you ever wondered if it's OK to have Alexa, Siri, and other forms of artificial intelligence in your home? We know that the Bible says great deception is coming, so what is a concerned believer to do? Author and minister Mark Biltz wants you to understand the methods of the Antichrist so you won't be deceived. This book will help you know the big picture of what has happened historically, what is unfolding this very moment, and what the future holds concerning the Antichrist based on the unfolding purposes of God.

On the outside survey's 8vo's work from 1984-2001, including Octavo, the international journal of typography and its influence in the emergent typographically-led design movement in the UK and internationally during the late 1980s and through the 1990s. The emphasis is on process:

trying to reveal how 8vo's design got made rather than simply showing finished jobs. A number of hand-made and computer generated stage by stage mock-ups are featured. Written and designed by Mark Holt and Hamish Muir, two of the founding principals of 8vo, the story's told it how it was - the everyday struggles of working with clients, typesetters, printers, and later on computers. Like many of their contemporaries, 8vo were working during a period of considerable change within the design industry - the book places 8vo's work within the context of this revolution; from paste-up to desktop.
