Infrared

~~Photography with  
an IR filter Tutorial~~

*Digital Infrared  
Photography*

With a few limited  
exceptions, most  
digital cameras are

# Read Online Digital Infrared

Photography  
terrible when it  
comes shooting  
infrared  
photography. The  
reason is a special  
filter over the  
camera sensor that  
cuts out infrared  
light. Some  
cameras have a  
weak filter that  
allows some  
infrared light  
through, but most

*(Photo Workshop):*  
*Amazon.co ...*

If you already have a camera, infrared photography is as affordable as a \$10 to \$75 IR filter.

Photographers dedicated to the genre sometimes pick up a camera with an infrared sensor, like the Fujifilm X-T1 IR.
