This globally oriented text covers research and trends in International Management. It offers comprehensive and integrative cases that illustrate the actual behaviours and functions required for successful cross-cultural management at the strategic and interpersonal level.

For undergraduate and graduate students majoring in international business or general management. International Management, 6/e, explores the dynamic global environment of business management, by exploring political, legal, technological, competitive and cultural factors that shape corporations worldwide.

With deregulation, privatization, and information technology transforming competition, the transnational model continually evolves. In a timely response to this dynamically changing business world, Bartlett and Ghoshal revisit their breakthrough concepts, updating the material with fresh examples drawn from today's leading global enterprises. The second edition of Managing Across Borders builds on the authors' ongoing exploration of the transnational, with their current research extending and illuminating the findings of their earlier work. An entirely new section, "The Transformation Challenge," focuses on how several companies have implemented the book's concepts. We see firsthand the obstacles and opportunities to building an effective transnational organization. This new edition also includes an application handbook, a highly practical tool that helps readers translate the book's ideas into real-world action plans for their companies.

For courses in international business, international management, and general management. Management Around the World: Business Strategies and Interpersonal Skills International Business is conducted around the globe across cultures, languages, traditions, and a range of economic, political, and technological landscapes. International Management: Managing Across Borders and Cultures examines the challenges to the manager's role associated with adaptive leadership and thoroughly prepares students for the complicated yet fascinating discipline of international and global management. No matter the size, companies operating overseas are faced with distinct scenarios. In order to be successful, they must accurately assess the components that shape their strategies, operations and overall function. The Ninth Edition trains students and practicing managers for careers in this evolving global environment by exposing them to effective strategic, interpersonal, and organizational skills, while focusing on sustainability.
