Rajavaliya - Historical Narrative of Sinhalese Kings ...

Rajavaliya (lit: the line of kings) is one of the Sinhalese chronicles in Sri Lanka. It gives a complete record about the island's history up to end of the 17th century. As this ancient text doesn't contain evidence to find out the original date or the authorship of the writing, there are several opinions has arisen (Gunasekara, 1900).

Rajavaliya - Lanka Pradeepa

Ravana Rajavaliya The Ramayana is not part of the mainstream Sinhala religious and cultural tradition in Sri Lanka, because Buddhism has been the religion of the majority of Sinhalas for long. But ancient Sinhala works like Rajavaliya and Ravanaivaliya identify Ravana as a Sinhala king and extol him as a great one.

Rajavaliya - engineeringstudymaterial.net

The Sinhala Kingdom ceased to exist by 1815 with Sri Vikrama Rajasinha of Kandy after generations of European influences and upheaval in the royal court. During the Kingdom's two millennia, other political entities also existed on the island, including the Jaffna Kingdom , [9] Vanni chieftaincies and the Portuguese and Dutch colonies . [10]

'Islanded' makes a critical contribution to our understanding of South Asian and Indian ocean history and provides a novel lens through which to review both the British taking of and departure from India. Using a wealth of colonial and indigenous documents, Sujit Sivasundaram makes an intriguing argument that during the first phases of their rule, the British undertook an unfinished process of severing or 'partitioning' Sri Lanka from the mainland, so emphasizing its Buddhist and Sinhala character.

This volume is the product of two decades of field research by one of Sri Lanka's distinguished anthropological interpreters.

John Holt's groundbreaking study examines the assimilation, transformation, and subordination of the Hindu deity Visnu within the contexts of Sri Lankan history and Sinhala Buddhist religious culture. Holt argues that political agendas and social forces, as much as doctrinal concerns, have shaped the shifting patterns of the veneration of Visnu in Sri Lanka. Holt begins with a comparative look at the assimilation of the Buddha in Hinduism. He then explores the role and rationale of medieval Sinhala kings in assimilating Visnu into Sinhala Buddhism. Offering analyses of texts, many of which have never before been translated into English, Holt considers the development of Visnu in Buddhist literature and the changing practices of deity veneration. Shifting to the present, Holt describes the efforts of contemporary Buddhist monks in Sri Lanka to discourage the veneration of Visnu, suggesting that many are motivated by a reactionary fear that their culture and society will soon be overrun by the influences and practices of Hindus, Muslims, and Christians.

This book examines culture, religion and polity in the context of Buddhism. Gananath Obeyesekere, one of the foremost analytical voices from South Asia develops Freud's notion of 'dream work', the 'work of culture' and ideas of no-self (anatta) to understand Buddhism in contemporary Sri Lanka. This work offers a restorative interpretation of Buddhist myths in contrast to the perspective involving deconstruction. The book deals with a range of themes connected with Buddhism, including oral traditions and stories, the religious pantheon, philosophy, emotions, reform movements, questions of identity and culture, and issues of modernity. This fascinating volume will greatly interest students, teachers and researchers of religion and philosophy, especially Buddhism, ethics, cultural studies, social and cultural anthropology, Sri Lanka and modern South Asian history.

Portuguese Encounters with Sri Lanka and the Maldives: Translated Texts from the Age of the Discoveries is designed to provide access to translations of 16th- and 17th-century documents which illustrate various aspects of this encounter, combining texts from indigenous sources with those from the Portuguese histories and archives. These documents contribute to the growing understanding that different groups of European colonizers - missionaries, traders and soldiers - had conflicting motivations and objectives. Scholars have also begun to emphasize that the colonized were not mere victims but had their own agendas and that they occasionally successfully manipulated colonial powers. The texts in this volume help to substantiate these assertions while also illustrating the changing nature of the interactions. The present volume contains chapters covering the Portuguese arrival in Sri Lanka and their first encounters with the island and its peoples, their subsequent relations with Kandy and Jaffna, and a final chapter on Portuguese relations with the Maldive Islands. A historical introduction provides the context in which the documents can be read and a select bibliography indicates the most recent and authoritative secondary works on the subject
