Battles of Saint Albans, (May 22, 1455, and Feb. 17, 1461), battles during the English Wars of the Roses. The town of St. Albans, situated on the old Roman Watling Street and lying 20 miles (32 km) northwest of London, dominated the northern approaches to the capital. The battle of 1455 was the

~~Battles of Saint Albans | English history | Britannica~~

The First Battle of St Albans, fought on 22 May 1455 at St Albans, 22 miles north of London, traditionally marks the beginning of the Wars of the Roses in England. Richard, Duke of York, and his allies, the Neville earls of Salisbury and Warwick, defeated a royal army commanded by Edmund Beaufort, Duke of Somerset, who was killed. With King Henry VI captured, a subsequent parliament appointed Richard of York Lord Protector.

St Albans Clock Tower. WHEN. February 17, 1461. WHERE. St. Albans, Hertfordshire. WHO. Lancastrian forces under Anthony Trollope (Trollope) vs. a Yorkist army led by the Earl of Warwick (Warwick the Kingmaker) WHY. The interminable conflict we know as the Wars of the Roses dragged on.

~~The Battle of St Albans — Britain Express~~

The Second Battle of St Albans was fought on 17 February 1461 during the Wars of the Roses in England. It took place at St Albans in Hertfordshire, the first battle having been fought in 1455. The army of the Yorkist faction under the Earl of Warwick attempted to bar the road to London north of the town. The rival Lancastrian army used a wide outflanking manoeuvre to take Warwick by surprise, cut him off from London, and drive his army from the field. The victors also released the feeble King He

St Albans is unique in having been the site of two pivotal battles during the Wars of the Roses, yet this is the first book-length account to have been published. It offers a gripping account of the fighting, and of the politics and intrigue that led to it, and it incorporates the results of the latest research. The authors also plot the events of over 500 years ago onto the twenty-first century landscape of St Albans so that the visitor can retrace the course of each battle on the present-day ground.

The first battle of St Albans was a significant event in England's medieval history. What prompted Richard of York to take up arms in the first place? Where did the main action take place? This book answers these questions and discusses the theories about the battle: a battle of the Wars of the Roses where the streets ran red with blood.

On 4 May 1471 the forces of Lancaster under the Duke of Somerset and those of York under Edward IV clashed at Tewkesbury in Gloucestershire in one of the decisive battles of the Wars of the Roses. Edward's overwhelming victory secured for him the throne of England and led to the near ruin of the Lancastrian cause. Steve Goodchild's gripping account of the fighting, and of the politics and intrigue that led to it, is the first to take fully into account the landscape of the West Country over which the opposing armies marched and the terrain on which they fought.

The Wars of the Roses (c. 1455-1487) are renowned as an infamously savage and tangled slice of English history. A bloody thirty-year struggle between the dynastic houses of Lancaster and York, they embraced localised vendetta (such as the bitter northern feud between the Percies and Nevilles) as well as the formal clash of royalist and rebel armies at St Albans, Ludford Bridge, Mortimer's Cross, Towton, Tewkesbury and finally Bosworth, when the usurping Yorkist king, Richard III, was crushed by Henry

Tudor. Powerful personalities dominate the period: the charismatic and enigmatic Richard III, immortalized by Shakespeare; the slippery Warwick, the Kingmaker', who finally over-reached ambition to be cut down at the Battle of Barnet; and guileful women like Elizabeth Woodville and Margaret of Anjou, who for a time ruled the kingdom in her husband's stead. David Grummitt places the violent events of this complex time in the wider context of fifteenth-century kingship and the development of English political culture. Never losing sight of the traumatic impact of war on the lives of those who either fought in or were touched by battle, this captivating new history will make compelling reading for students of the late medieval period and Tudor England, as well as for general readers.

This authoritative A-Z encyclopedia of the Wars of the Roses provides accurate and concise descriptions of the major battles and events and the principal historical figures and issues involved. * More than 275 entries and over 40 illustrations * A map of the Wars of the Roses battle sites * Guide to related topics, chronology, and genealogies * Table showing the involvement of the higher peerage in the Wars of the Roses * List of Popes and English church leaders in the 15th century * List of selected websites for 15th century topics

In October 1864, approximately twenty-one Rebel soldiers took over St. Albans, Vermont, proclaiming that it was now under Confederate government control. This northernmost land action of the Civil War ignited wartime fear and anger in every Northern state. The raiders fired on townspeople as they stole horses and robbed the local banks. St. Albans men organized under recently discharged Union captain George Conger, F. Stewart Stranahan and John W. Newton to chase the Rebels out of town. The complex

network of the Confederate Secret Service was entangled with the raid and conspired to unravel the North throughout the war. The perpetrators later stood trial in Canada, causing international ramifications for years to come. Michelle Arnosky Sherburne leads readers through the drama, triumph and legacy of the Confederate raid on St. Albans.

Two branches of England's Royal family fought each other for supremacy over a period of thirty years from 1455 to 1485, in a series of campaigns known as the Wars of the Roses. Philip Haigh presents, for the first time in a single volume, detailed accounts of each of the fifteen major battles of the war. How the two armies maneuvered to encounter each other, their composition and tactics are all covered.

'Iggulden is in a class of his own when it comes to epic historical fiction' Daily Mirror
Conn Iggulden's Wars of the Roses Ebook Bundle contain the following: Trinity Stormbird Bloodline Ravenspur

The eight chronicles edited here are the principal surviving historical narratives of the Wars of the Roses written in English by men who lived through those wars. These are the best accounts by commoners (and one lord) written for their fellow Englishmen, produced within a few years of the events they describe, and have a particular immediacy. Six of these chronicles recount in detail particular events: The First Battle of St Albans (21-23 May 1455) and The Siege of Bamburgh Castle (June-July 1464) (battles); The Rebellion in Lincolnshire (March 1470), and The History of the Arrival of King Edward IV (March-May 1471) (campaigns); and The Manner and Guiding of the Earl of Warwick (22-30 July 1470) (negotiations). The remaining three describe the development of the larger conflict over extended periods: the Continuation of Gregory's Chronicle (1450-69), Howard's Chronicle (1461-70), and

Download File PDF The Battles Of St Albans

Warkworth's Chronicle (1461-74). They do not cover the last stages of the Wars of the Roses, since by the end of May 1471, it must have looked as if the conflict was permanently resolved. These accounts, although contemporary, have to be treated with caution. All of them are narratives of public events intended for public consumption. They remain, however, vibrant and immediate accounts of the events they describe in a systematic, modern edition.
