The Israel Lobby and U.S. Foreign Policy is a book by John Mearsheimer, Professor of Political Science at the University of Chicago, and Stephen Walt, Professor of International Relations at the Kennedy School of Government at Harvard University, published in late August 2007. It was a New York Times Best Seller. The book describes the lobby as a "loose coalition of individuals and organizations who actively work to steer U.S. foreign policy in a pro-Israel direction". The book "focuses primaril

Israel is an important, valued American ally, yet Mearsheimer and Walt show that, by encouraging unconditional US financial and diplomatic support for Israel and promoting the use of its power to remake the Middle East, the lobby has jeopardized America's and Israel's long-term security and put other countries – including Britain – at risk.

In certain respects, Walt and Mearsheimer overstated their case. In their essay, they wrote that "Israel and the Lobby" were "critical" to the Bush administration's decision to invade Iraq, which it was not. Noam Chomsky accused the authors of downplaying the role of corporate interests in setting US policy.

Mearsheimer and Walt provocatively contend that the lobby has a far-reaching impact on America's posture throughout the Middle East—in Iraq, Iran, Lebanon, and toward the Israeli-Palestinian conflict—and the policies it has encouraged are in neither America's national interest nor Israel's long-term interest.

Hundreds of organizations and thousands of individuals lobby the US government at every level to support Israel unconditionally. Many are active on Capitol Hill, drafting legislation to economically and militarily target Israel's regional rivals and deliver the largest slice of the US foreign aid budget to Israel.

In a provocative new study, the authors describe how the remarkable level of material and diplomatic support that the United States provides to Israel is due to the influence of the Israel lobby, which has a far-reaching impact on America's foreign policy decisions throughout the Middle East.

The Israel lobby exerts incredible power and influence over America. Some identify only one organization, the American Israel Public Affairs Committee (AIPAC), as "the lobby" citing its influence on Capitol Hill. This is wrong. Many interconnected organizations channel their power and influence

through AIPAC in Congress. Hundreds more "mini-AIPAC's" coordinate with AIPAC and their own national office to lobby state legislatures to pass model legislation and spending authorizations benefiting Israel-without publicly disclosing most of their lobbying activities. Others operate quietly, policing what is allowed to appear in mainstream news media and channeling "hush money" to civil rights organizations to keep them out of grassroots pro-Palestinian movements. Coordinated, effective and highly averse to public scrutiny, the Israel Affinity Organizations that make up the lobby have transformed America. While some informed voters know the U.S. provides more foreign aid to Israel than any other country, the total flow of charitable, tax dollar, military aid, intelligence and "opportunity cost" are unknown to those footing the bill-and the lobby is determined to keep it that way. Yet storm clouds are gathering over Israel's lobby. Public opinion polls asking the right questions indicate Americans are nowhere near as approving of unconditional support as many Israel lobbyists insist. Most American Jews have nothing to do with Israel lobbying organizations. More important, broad and deep societal changes, along with the technology-driven rise of alternative and social media, are transforming large numbers of Americans from mostly unaware supporters into informed and active dissenters. Big Israel is a comprehensive, historical, data-driven analysis of how the Israel lobby exerts influence across the United States. Based on a detailed review of more than 4,000 nonprofit organization tax returns, declassified U.S. government files and closely-held internal reports from Israel lobby organizations, Big Israel reveals how staid, respectable and bona fide social welfare organizations transformed themselves into a networked lobby for a foreign country-inflicting immense damage on average Americans. Big Israel offers many surprising insights into the Israel lobby's strengths and weaknesses so that Americans working for peace and justice in Middle East policymaking can finally turn down the rolling thunder of propaganda and take effective action.

Proposes an alternative pro-Israel lobby that liberals can support.

Traces Zionism in America and the activities of the pro-Israel lobby, officially created in 1954 as AZCPA (American Zionist Council of Public Affairs) and later called AIPAC (American Israel Public Affairs Committee). The so-called Israel lobby has been widely denounced and demonized in the global media, but as Mitchell Bard reveals, its power pales in comparison to the decades-long corruption of American interests by Arab governments. Indeed, for more than seventy years, U.S. policy in the Middle East has been shaped not by the power of a nefarious “Israel lobby” but by a misguided emphasis on pleasing and placating the Arab states. This outlook has ensured that the United States pays disproportionate attention to their demands, assisting Arab countries—all of them dictatorial regimes with abysmal human rights records—that do not share our values and often work to subvert our interests. In this authoritative history, Bard provides a timely and valuable corrective to the unbalanced view of Middle East affairs that is so widely promoted today. Bard shows that the Arab Lobby’s goals include feeding America’s oil addiction, obtaining more sophisticated weaponry, and weakening our alliance with a democratic Israel. It also seeks to influence public opinion through a well-funded publicity campaign and by injecting distorted views of the Middle East into high school and college textbooks. Bard’s valuable book brings a much-needed balance to a debate fraught with ignorance and propaganda.

The representative of the Jewish community and staunch defender of human rights, Foxman delivers a powerful blow to such ideas as "The Israel Lobby." He shows how old stereotypes associated with the most virulent forms of bigotry have been resurfacing and taking subtle new forms. From Carter to Mearsheimer, he addresses the public figures who make these beliefs appear credible. He also reveals a disturbing parallel trend: the decline of global Jewish solidarity, which he argues is critical for dealing with the current threat. Foxman advocates forthright and decisive solutions to an international crisis, ensuring that this will be an important clarion call.

Israel's Armor provides a foundational history of the Israel lobby and its influence on American foreign policy.

The first book to speak out against the pervasive influence of the American-Israeli Public Affairs Committee (AIPAC) on American politics, policy, and institutions resonates today as never before. With careful documentation and specific case histories, former congressman Paul Findley demonstrates how the Israel lobby helps to shape important aspects of U.S. foreign policy and influences congressional, senatorial, and even presidential elections. Described are the undue influence AIPAC exerts in the Senate and the House and the pressure AIPAC brings to bear on university professors and journalists who seem too sympathetic to Arab and Islamic states and too critical of Israel and its policies. Along with many longtime outspoken critics, new voices speaking out include former President Jimmy Carter, U.S. Representative Cynthia McKinney, Senator Robert Byrd, prominent Arab-American Dr. Ziad

Asali, Rabbi Michael Lerner, and journalist Charles Reese. In addition, the lack of open debate among politicians with regard to the U.S. policy in the Middle East is lamented, and AIPAC is blamed in part for this censorship. Connections are drawn between America's unconditional support of Israel and the raging anti-American passions around the world--and ultimately the tragic events of 9/11. This replaces 1556520735.
