Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

red paint. They started with slave-owning Confederate generals, but they're not stopping there. The vandals are only pretending to care about the character of particular American heroes. In reality, they hate what those heroes represent: the truths asserted in the Declaration of Independence and embodied in the Constitution. And they are bent on taking America down and replacing our free society with a socialist utopia. All that stands in their way is Americans' reverence for our history of freedom. Which is why that history simply has to go. Now, Jarrett Stepman, editor at The Daily Signal and host of Right Side of History, exposes the true aims of the war on our history: The war on America: World history is full of conquests and suffering indigenous peoples. Why target Christopher Columbus? What they really want to tear down is America. The war on Thanksgiving: World history is full of colonists. Why target the Pilgrims? What they really want to tear down is American freedom and prosperity. The war on the Founding: World history is full of slavery. Why target Thomas Jefferson? What they really want to tear down are the rights endowed by our Creator. The war on the common man: World history is full of victorious generals and populist politicians. Why target Andrew Jackson? What they really want to tear down is democracy. The war on the South: World history is full of civil strife. Why target Confederate heroes like Robert E. Lee? What they really want to tear down is respect for America's past and the reconciliation that renewed our Union. The war on patriotism: World history is full of national pride. Why target Teddy Roosevelt? What they really want to tear down is the idea of American greatness. The war on the American century: World history is full of bloody wars. What they really want to tear down is America's defeat of totalitarianism. If America is to survive this assault, we must rally to the defense of our illustrious history. The War on History is the battle plan.

A NEW YORK TIMES BESTSELLER "Valerie has been one of Barack and my closest confidantes for decades... the world would feel a lot better if there were more people like Valerie blazing the trail for the rest of us."--Michelle Obama "The ultimate Obama insider" (The New York Times) shares her journey at a pivotal moment in American history When Valerie Jarrett interviewed a promising young lawyer named Michelle Robinson in July 1991 for a job in Chicago city government, neither knew where that meeting might take them. Jarrett would go on to become a trusted friend and advisor to Michelle and Barack Obama -- and one of the most visible, influential African-American women of the twenty-first century. Now, in her forthright and optimistic memoir, Jarrett shares her experience as a mother, daughter, and woman who's experienced the magic that happens once we cast aside any unrealistic expectations of a perfect life or a perfect outcome. In *Finding My Voice*, she offers a galvanizing testament to the power in staying open to a change in course and an embrace of the uncomfortable. Only then, she argues, can we move forward together and truly learn to value--and listen to--our own voices.

First Published in 1968. Routledge is an imprint of Taylor & Francis, an informa company.

The powerful, unforgettable graphic memoir from Jarrett Krosoczka, about growing up with a drug-addicted mother, a missing father, and two unforgettably opinionated grandparents. A National Book Award Finalist! In kindergarten, Jarrett Krosoczka's teacher asks him to draw his family, with a mommy and a daddy. But Jarrett's family is much more complicated than that. His mom is an addict, in and out of rehab, and in and out of Jarrett's life. His father is a mystery -- Jarrett doesn't know where to find him, or even what his name is. Jarrett lives with his grandparents -- two very loud, very loving, very opinionated people who had thought they were through with raising children until Jarrett came along. Jarrett goes through his childhood trying to make his non-normal life as normal as possible, finding a way to express himself through drawing even as so little is being said to him about what's going on. Only as a teenager can
